[ACE Swimming](#) will be hosting a clinic on 11th and 18th August featuring current world record holder Liam Tancock and 2006 Commonwealth champion Ross Davenport.

Both Liam and Ross have competed at multiple Olympic Games, achieving success at the highest level! In addition to their successful swimming careers, both athletes continue to influence the swimming world, Liam through his work at Swimzi and Ross with his work with Finis.

Liam and Ross will both lead a 2 hour, high level technique session in the pool followed by a classroom talk covering their swimming career, their journey to success (both in the pool and school) and how this has lead to their work with 2 of the biggest companies in world swimming.

The clinic will finish with a 1 hour land-based session lead by the Ace Swimming coaching team; developing functional movement, speed and power specifically designed to develop the needs of a swimmer.

The clinic will run from 0800-1400 at [Marjon Sport & Health Centre](#) Plymouth and is specifically targeted towards secondary age swimmers (must be a competitive swimming standard). The cost is £160 (for both days).
