

Welcome to Level 1 Carpentry

We are looking forward to you joining us in the autumn. You may have studied this subject already or this might be completely new to you. Whatever your starting point, we are ready to support you with your learning.

You will find a range of resources below to help you prepare for your course. Keep notes about what you have found out or learnt to support your learning later on.

Read

Books | Magazines | Newspapers

You will find plenty of books available, some you will find are instructional while others will have small projects with hints and tips to help you develop your hand skills. Use the below link this will introduce you to some of the terminology and materials used in the carpentry trade.

Watch

TV | Movies | You Tube

TV shows aren't always solely carpentry, but these are all worth a look at.

- [George Clarke's amazing spaces](#)
- [DIY SOS](#) (This is a great way of seeing many trades and how they work together)

While these shows aren't carpentry specific, they are largely carpentry based. Below find a link to Rag 'n' Bone Brown. He has some fantastic You Tube videos showing you little and large products that can be made from largely recycled materials.

TAKE NOTICE

'Taking notice' can strengthen and broaden your awareness. Studies have shown that being aware of what is taking place in the present directly enhances your well-being and savouring 'the moment' can help to reaffirm your life priorities. Awareness also enhances your self-understanding and allows you to make positive choices based on your own values and motivations.

Take some time to enjoy the moment and the environment around you this week. We have an opportunity to take time to be more aware of our surroundings and how they make you feel.
