

Transport Maintenance Diploma Level 1 – Light
(IMI qualification)

Duchy College - Stoke Climsland

Course Manager: Alan Austin

Course Code: 20139-DSC-26

You are advised to provide the following academic resources for your course:

- A4 pad of ruled paper
- Plastic folder for storing handouts
- Pens, pencils, ruler etc

All college coursework is completed and submitted electronically, so it is advisable that learners have access to a smart device (laptop, desktop, tablet or smartphone) in order to complete coursework while at home.

Essential Kit List:

To safely and effectively participate in all your timetabled practical sessions, and to represent the College when working with external groups, you will be required to purchase college branded clothing. College branded clothing can be purchased via this link [Duchy College - New - PVM Supplies](https://www.pvmsupplies.shop/schools-colleges/duchy-college-new?qfs=1&p=1) or by typing <https://www.pvmsupplies.shop/schools-colleges/duchy-college-new?qfs=1&p=1> into your search engine.

Additional non-compulsory items are also available from the online stores throughout the year should you wish to purchase these.

For health and safety reasons during practical sessions it's mandated that you have access to the following:

- Overalls
- Steel Toecap Boot/Shoes/Trainers
- Safety/Work Gloves
- Safety Glasses/Goggles
- Duchy College T shirt/Polo Shirt

Please be advised that you will have several practical sessions per week and most likely at least one each day you are in college, therefore you must ensure you have your PPE (Overalls, Steel Toecaps, Safety Glasses and Gloves) with you every day; learners will not be allowed to complete practical activities without their PPE.

Please note: All learners are expected to be in college branded kit by the end of the first half term, allowing for purchase of this kit and any delivery delays that may occur.

Trips, visits and additional qualifications:

- Motorsport Expo
- Automechanika Birmingham
- Autosport International
- The London International Motor Show

Welcome Days:

All first-year learners will be involved in a two-day induction process. This will allow learners the opportunity to explore the college campus, get to know their peers and staff before the course commences in full.

The Welcome Days will take place on Thursday 3rd and Friday 4th September, with the learners following an induction timetable for those two days. This timetable will include a range of activities such as, ice-breaker activities, online enrolment, and team building challenges. There will also be a range of practical sessions taking place each day, so please ensure a suitable practical kit is available on those days. (College Transport will be available on these days).

If you have any further questions, please do not hesitate to contact Alan Austin by email on alan.austin@cornwall.ac.uk

Kind regards and we look forward to seeing you soon.
Alan Austin
